

SEMINAR: A Learning Break

JUSTIFICACIÓN

Plasencia's CPR presents this activity for English teachers or any other teacher able to teach in bilingual schools in our field. This seminar, which belongs to the *Plan de Formación*, will allow participants not only to learn the language but also to improve the teachers' linguistic competence. In order to do so, a nice and warm learning environment will be created. There, the participants will share experiences and educational concerns so collaborative learning is encouraged. All sessions will be introduced and coordinated by Pablo Márquez Blázquez (**English Philology Graduate**).

OBJETIVOS

Aims of the course:

- Improve the linguistic competence.
- Consolidate improvements in language skills (reading, writing, listening, speaking, interacting).
- Promote and encourage collaborative learning among the teachers.

CONTENIDOS

This seminar aims to cover all functional and communicative necessities corresponding to a A2-B1 level (CEFR) although the final contents will depend on the abilities shown by the participants. All the contents included in the course will deal with how to make the English classroom more effective for secondary students, paying close attention to ICT resources as a way to make the English language more appealing for the students.

METODOLOGÍA

This seminar is mainly practical, so it encourages teachers to participate actively. For that matter, the listening and speaking skills will deal with pedagogical themes and topics whereas the reading and writing skills will be based on creating materials for the classroom. Nonetheless, as it is stated by the Common European Framework of Reference, the course will be based on a communicative approach to the language in order to promote and encourage interaction between the participants. The materials and resources used in this seminar will be fundamentally practical. These will help participants to gain confidence in their spoken language as well as to strengthen the most important grammatical features of the language from a communicative perspective.

DESTINATARIOS

25 openings are on offer for this seminar. It is only available for teachers who are currently working in the CPR area of Plasencia. The course is addressed to teachers of English. The minimum of participants is set on 12; and the maximum of 25.

PONENTE

This seminar will be given by **Pablo Márquez Blázquez (English Philology Graduate)**.
